

Game for Connection of Metadata and Sources in the Domain of Multimedia

Aleš Mäsiar (alesmasiar@gmail.com), Supervisor: Jakub Šimko

Motivation

- Lack of metadata for videos on the Web

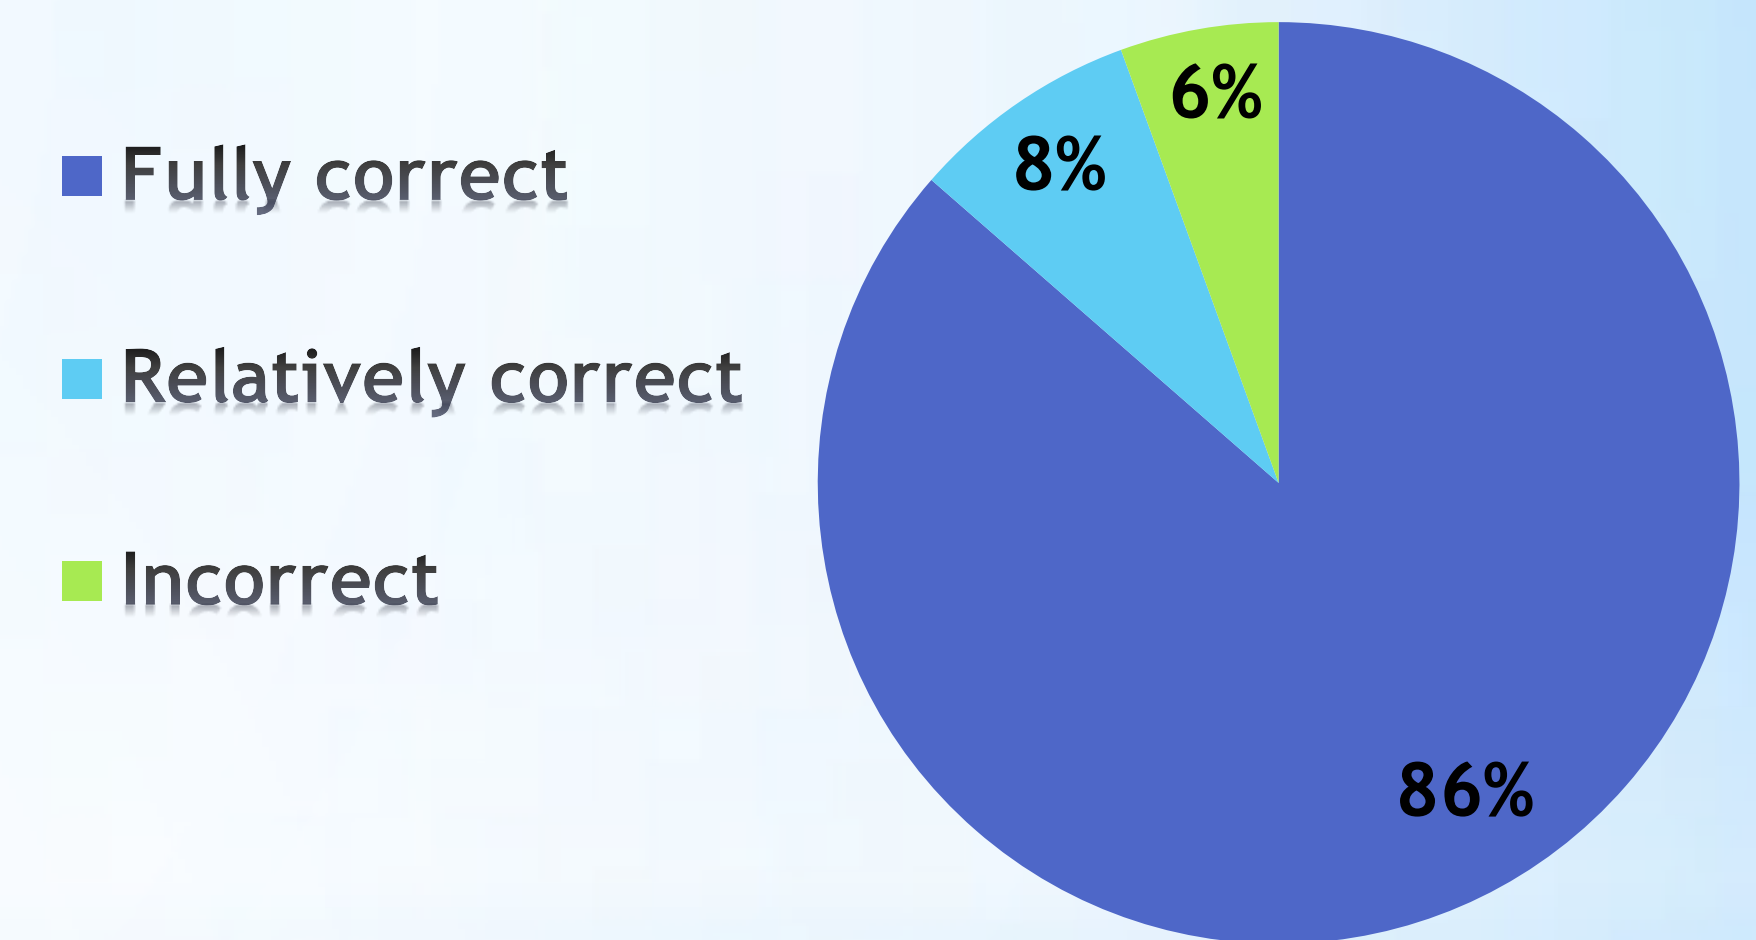

Goals

- Acquire new metadata for videos obtained from the Web
- Make it entertaining for player
- Make it single-player to avoid cold start problems

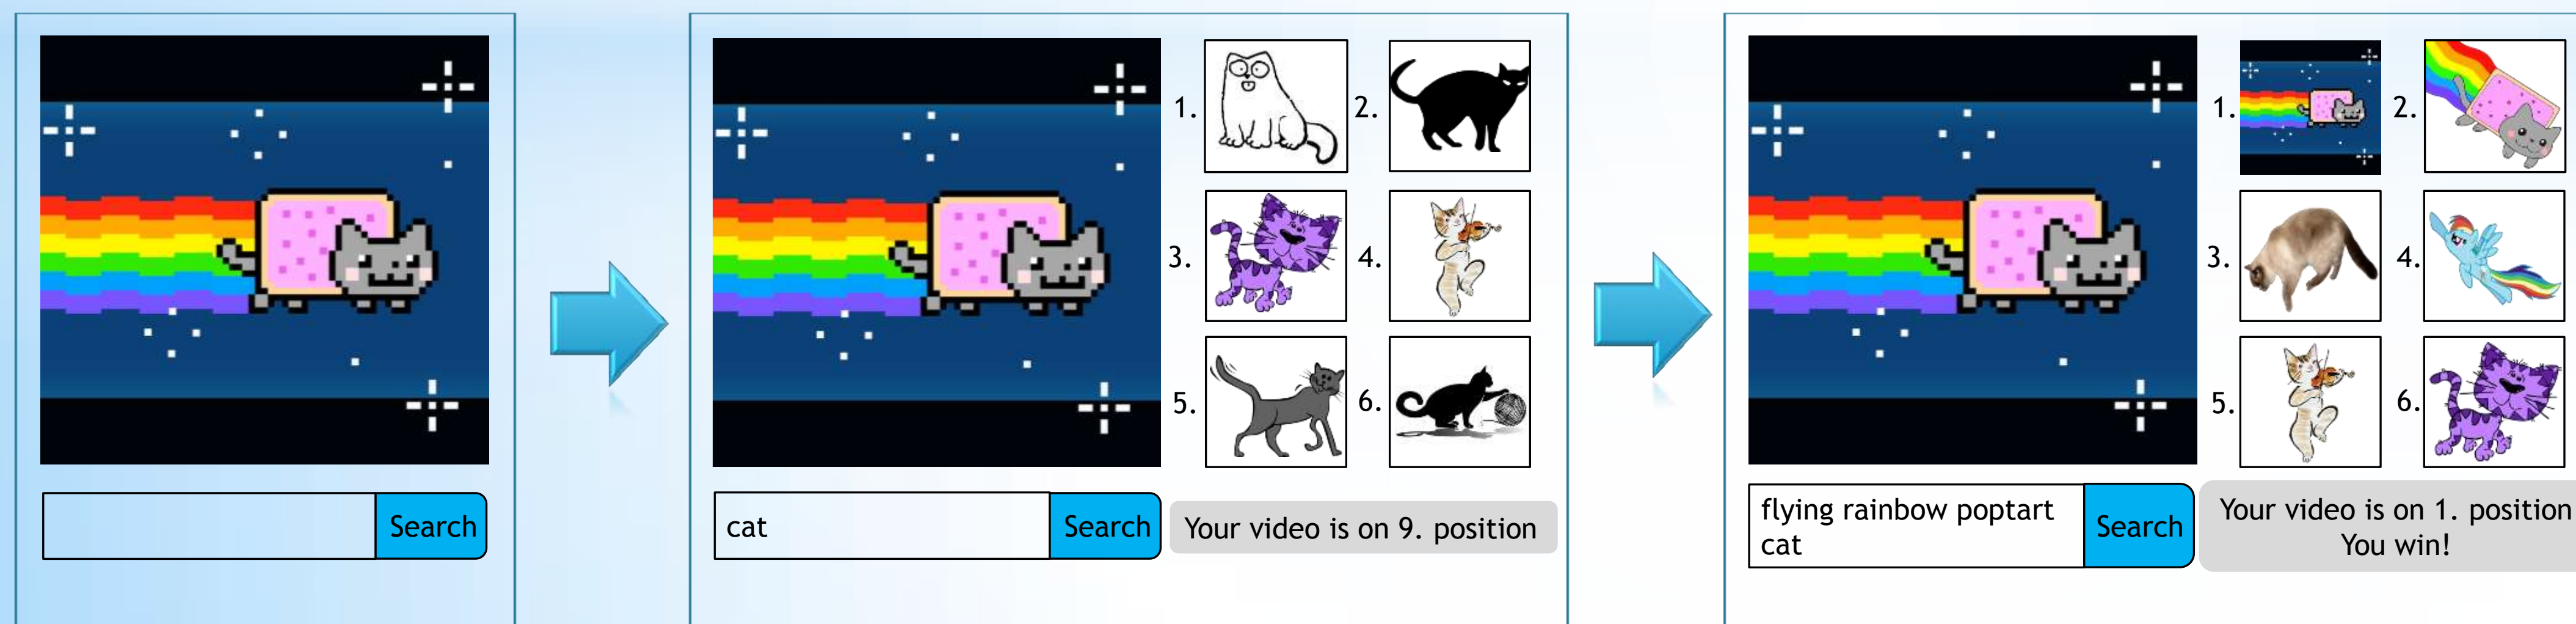

Statistics

- 20 active players
- 1300 played games
- 230 tagged videos
- 500 tags

Tag correctness for 30 videos

Game from player's perspective

Metadata extraction
