

# CROWD-POWERED EVALUATION EXERCISE

MAREK LÁNI

IIT.SRC 2014

SUPERVISOR: DR. JAKUB ŠIMKO

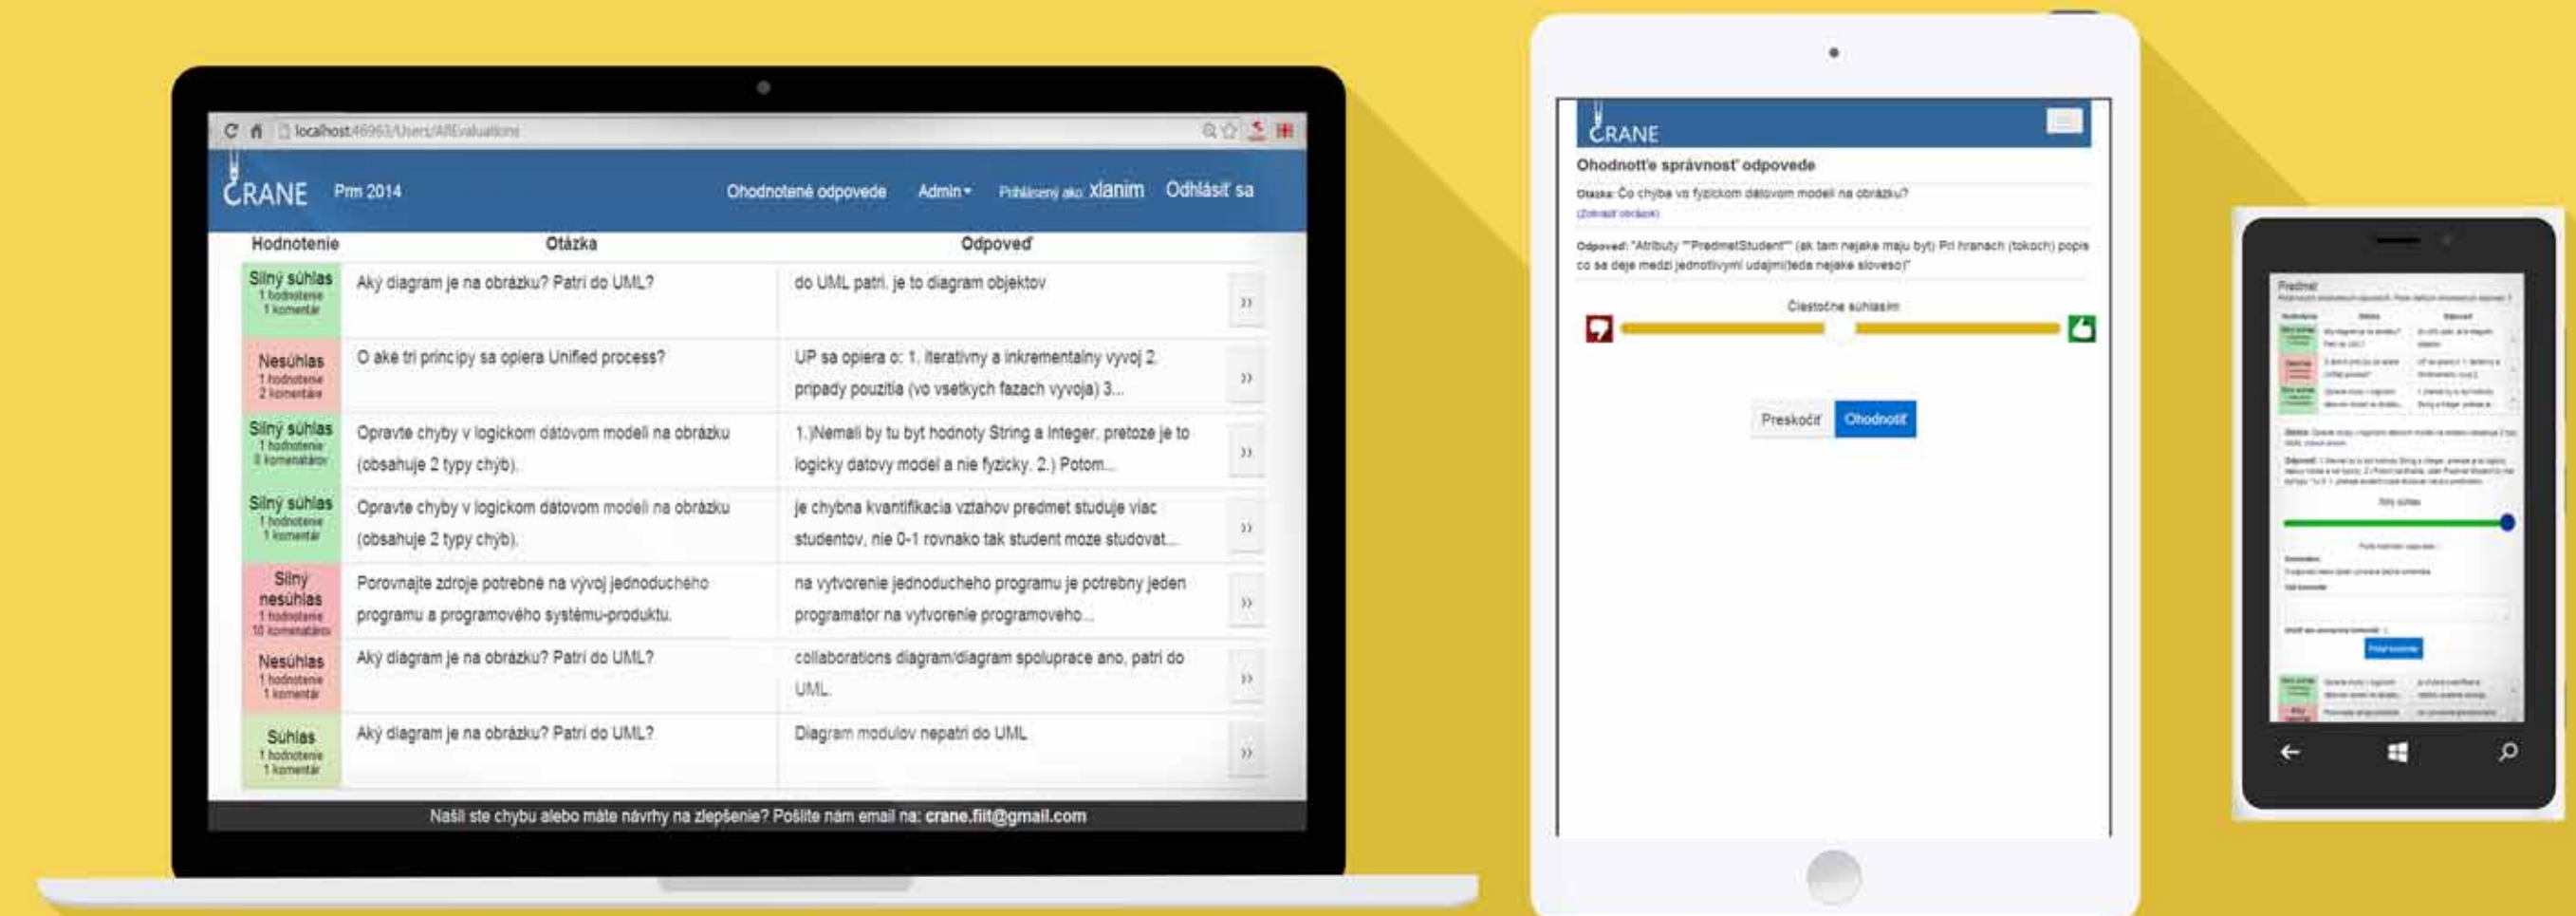

**QUESTION: WAS THE EXERCISE AND THE CRANE APPLICATION USEFUL IN LEARNING PROCESS?**

**ANSWER: DEFINITELY YES**

**TOTALLY CORRECT**

## NEW GUI AND APPLICATION

## PRINCIPLES OF THE EXERCISE

### CQA INSPIRED

- QUESTION ANSWERING
- ANSWER EVALUATING
- EVALUATED ANSWERS VIEW

### PEER GRADING

### COLLABORATION

## QUALITATIVE EVALUATION OF THE EXERCISE

5 + 2 PARTICIPANTS

?# 14 QUESTIONS

15-25 MINUTES

## OUTCOMES

- While using the exercise, students were searching for information in external sources.
- Students usually trusted the entries of their peers, but they also verified them.
- The exercise served as a tool to learn for exams.
- Students tried to create as good entries as possible.
- The exercise was used as a verification of gained knowledge.
- Students appreciated the possibility to discuss using comments and also other features.
